High Performance and Durability Acrylic Paint

Page 1 de 2

5000-P is a suitable paint for inside as well as for outside, which possesses a very high covering power and whiteness and a great resistance to the sun and to the weather. It's elaborated with quality products plus fungicides and antirust, that make it good for protection against mould and antibacterial action. It also has a strong adhesion, so it can be applied on the plate or iron with a previous work with primer. 5000-P is formulated with silicone additives that give it water-repellent properties.

Features

Color	White
Finishing	Bright medium
Specific weight	1,29 +/- 0,05 gr./cc.
Viscosity on having tipped	90 K.U. to 25 °C
Fixed material %	60 % +/- 5
